

5-Minute Quote Scan

A pre-entry stop-state screen for a proposal or contract.

Self-service planning aid | No automatic recommendation | English-language delivery

If any answer is Unknown, pause before treating offers as comparable.

This scan does not vet an installer, approve a system, determine tax eligibility, or provide tax, legal, lending, roofing, electrical, or engineering advice.

01	Does the proposal name every exact panel, inverter, battery, racking, monitoring, and shutdown model?	Yes / No / Unknown
02	Does it state DC system size, first-year production, production-model source, and material assumptions?	Yes / No / Unknown
03	Are gross cash price, roof/structural work, electrical upgrades, and every mandatory adder separated?	Yes / No / Unknown
04	Are installer license, insurance, and all subcontractors identified?	Yes / No / Unknown
05	Are permitting, interconnection, inspections, and utility correction responsibilities stated?	Yes / No / Unknown
06	Are roof assessment, structural review, penetrations, leaks, and later removal/reinstallation responsibilities stated?	Yes / No / Unknown
07	Are warranty issuers, terms, labor coverage, exclusions, transfer, and service procedure stated?	Yes / No / Unknown
08	For financing: are APR/rate, term, fees, escalator, prepayment, transfer, lien/UCC, and buyout terms stated?	Yes / No / Unknown
09	Does every applied incentive have a current administering-authority URL, checked date, status, recipient, and timing?	Yes / No / Unknown
10	Does the written contract match the sales explanation and workbook entries?	Yes / No / Unknown

Immediate stop states

- A federal 25D credit is shown for a post-2025 expenditure without current qualified tax advice.
- The proposal promises savings or production without disclosing the model and assumptions.
- A monthly payment is emphasized while term, fees, escalation, transfer, or lien terms are missing.
- The installer will not provide exact equipment models or a complete written scope.
- Roof, electrical, permitting, or interconnection responsibility is left to verbal understanding.
- A rebate is counted from an aggregator, sales pitch, or old screenshot rather than the administering authority.

Next step

If the scan is complete enough to continue, enter the exact documents in the workbook. If not, send the unresolved items to the installer or qualified professional before comparing price, outlay, or scenario value.
